f. Discussion
   i. Because they’re a sorority, it sounds like this is an all-girls event. Doesn’t sound like it’s inclusive if you don’t know who they are
   ii. If we don’t give them an allocation, they will have to stretch their budget
   iii. Their poster still advertises the program as a cultural event, which will draw people to the program
   iv. They should probably have this put into their budget because it’s such a major event
v. It’s going towards renting the ballroom so it is helpful. It does stay within the school
vi. It looks like they’re really working towards it. So, they’re already taking measures to stretch their budget
vii. For $250, it would be a good donation to give. If we help them out, it’ll help RHA out too
viii. We would be providing money for other students that do not go to this school
